His letter No 855 dated the 16th June 1909 submitting reports & translations in English & Kannada announcing the proposal to constitute the town of Melkote into a Municipality

I have the honour to observe that the delimitation of the boundary line of the local area

the boundaries into a municipality is still inaccurate and quite beyond any doubt as to the exact location of the line in several places, eg for example, it is not clear what point on P. no 68 the line meets before it turns southwards. The exact position of the line between P no 68 & B has not been properly described nor have the markings on the sketch been clear & complete so as to enable one to locate it by reference to the sketch plan. Both the sketch and the explanation require thorough revision. ~~Request that an intelligent official be may be deputed for the work which could be done~~

Sir,

In returning herewith for the Governor's signature the sketch and the drafts of the Proclamation about the Constitution of Nellore into a permanent Municipality (submitted with your letter No 520 dated the 20th January 1910), I am directed to observe that the proclamation is vague and indefinite in its description of the boundary line of the area to be constituted a Municipality, as indicated in the red-ink pencil on the margin of the English copy of the draft proclamation.

the defects pointed by
this office each time
they were returned to
you for rectification
remain unremedied.
The presumption is
that the work was not
undertaken by a qualified
official or, at any
rate, was never scrutinized
by the Vice-President with-
the result that much
of the Govt. time has
been wasted.

2) I am to request
that the sketch may be
caused to be revised and
so as to clearly show
the boundary lines of
different kinds in its
course with reference to
the specific objects

and the proclamation also drawn up afresh so as to furnish a correct and definite description of the limits starting specifically the point at which it leaves the course it takes &c.

~~I have Connection to~~ to invite your attention to this office docket No. 2105/36-37 of the 22nd September 1936 and to the remarks made in pencil on the margin of the English Copy of the draft Proclamation herewith returned, which will give you a rough idea of the details to be rectified.

Yours sincerely
